

AKILANDESWARI R

MCA Graduate & Aspiring Software Developer

Email: akilandeswarirajasekaran@gmail.com | LinkedIn: in/akilandeswari-rajasekaran-r | GitHub: akilandeswarirajasekaran-png

PROFESSIONAL SUMMARY

A recent Master of Computer Applications (MCA) graduate with a strong foundation in software development principles and a passion for crafting elegant, efficient code. Equipped with a diverse technical skillset across programming, web technologies, and data analysis, with practical exposure through internships in IoT and Data Visualization.

EDUCATION

Master of Computer Applications (MCA)

CGPA: 8.26

Holy Cross College, Tiruchirappalli ħ½ Postgraduate Degree

Bachelor of Science (B.Sc.) in Mathematics

CGPA: 7.33

Holy Cross College, Tiruchirappalli ħ½ Undergraduate Degree

INTERNSHIPS

HCC Incubation and Innovation Center ħ½ Holy Cross College

Area: IoT and Sensor Technology

ħ½ Gained practical exposure to IoT concepts and sensor technology.

T4teq

Area: Python, Power BI, and Advanced Excel

ħ½ Gained practical exposure to Python programming, data analysis, data visualization using Power BI, and Advanced Excel.

SKILLS & APTITUDE

ħ½ Programming & Web: HTML, C, C++, Java, Python, Full Stack Development

ħ½ Database & Design: SQL, UI/UX Design

ħ½ Aptitude: Basic Knowledge

ħ½ Preferred Focus: Front-End Development, UI/UX Design

PROJECTS

1. Operation Research (UG Project)

An academic project based on Operations Research, focusing on applying mathematical and analytical techniques to solve problems, optimize resources, and support effective decision-making.

2. AI Training Placement App (Web Application)

An AI-based placement training application designed to help students prepare for placement opportunities through training and practice. Focuses on improving technical and placement-related skills.

3. Personal Portfolio (Web Portfolio)

A personal portfolio website created to showcase education, technical skills, projects, interests, and professional profile in a clean and user-friendly interface.

ACADEMIC ACHIEVEMENTS

Paper Presentation ħ½ AI in Healthcare (Holy Cross College)

Presented a paper on ħ½ AI in Healthcare ħ½ at Holy Cross College. Highlighted as an academic achievement reflecting an active interest in Artificial Intelligence and healthcare applications.
